Did this occur in the context of a Motor Vehicle Accident: Yes / No

If yes, please notify the receptionist and medical staff and provide the following information if you are using auto insurance to cover the cost of all visits regarding the complaint you are being seen for today:

Auto Accident Claim Number: _____

Adjuster's Name, Phone, Fax, and Email: _____

Please note that in the case of a motor vehicle accident claim, we require that you provide your health insurance information as a secondary form of insurance. We do this so we can bill your health insurance if your benefits have exhausted, or your claim is being held with the auto insurance company due to an event such as initial hospital visit or emergency medical care. We kindly ask that you provide the receptionist with your health insurance information to avoid incurring out-of-pocket costs. If you do not have health insurance, or we are non-par with your insurance policy, we will require a self-pay visit rate of \$250 prior to you seeing the doctor, plus the cost of X-rays if needed. **We do not accept letters of protection from insurance companies, attorneys, or any third party.**

Financial Policy

Our goal is to provide and maintain a good physician/ patient relationship between you and our office. Letting you know of our policies in advance allows for open communication and for you to make an informed decision regarding your care. Please read the following carefully and do not hesitate to ask our office staff for clarification or further explanation.

- It is the policy of Toman Orthopedics and Sports Medicine that payment is due at the time of service. We require all patients to pay their copayment, coinsurance, and/ or deductible requirements at the beginning of each visit. If you receive any additional services or products that were not anticipated prior to you seeing the doctor (supplements, injections, durable medical equipment, etc.) the staff will let you know if this will incur an out-of-pocket cost and you may be expected to pay upon check out or you may receive a bill. We accept cash or credit card.
- You understand that it is your responsibility to be knowledgeable about your health insurance policy and benefits. We will always bill your insurance company based on the contracted rate we have with that carrier. We do not control these rates or values and are unable to change them due to our contractual obligation with your insurance company.
- You understand that it is your responsibility to keep your information on file up to date. If you change insurance policies, move to a new address, or acquire a new phone number it is imperative that you notify our office. Failure to update your information with our office can result in outstanding balances. We will make every effort to contact you by mail to make you aware of your balance. Balances outstanding for greater than 90 days with no payments made towards the balance will be sent to a collection agency at which point your balance will incur a 35% collection fee.

Financial Policy Continued

- Not all services are covered by each individual insurance plan- regardless of whether or not we are a participating provider with that plan. We will make every effort to verify your insurance benefits and offer you services/ notify you of non- coverage accordingly. Should you elect to receive a service that is not covered by your insurance you will be fully responsible for the cost of that service.
- Our office has a no-show policy for appointments. Please understand that when you do not come to your scheduled appointment, you have taken that time away from another patient. Your first no show appointment is forgiven, however for any other appointment that you fail to cancel by 4pm the day prior, you will incur a \$25 fee. We understand there are outstanding circumstances to this policy and all fees are reviewed on a case-by-case basis.
- Our office accepts “self-pay” or “cash-pay” patients. We only offer this to patients who do not have insurance or hold an insurance policy that we do not participate with. The self-pay rate is the same for all providers in our office. A standard visit fee of \$250 applies to all appointments, and the cost of x-rays is an additional \$50. Any additional services you elect to receive at your appointment will incur an additional fee. We accept cash or credit.

By signing this form, you are agreeing to the financial policies. You acknowledge that you have received notice of these policies. If you have any questions regarding these policies, we are happy to assist you in understanding them.
